## Portable Toilet Rental Damage Waiver Option

Protect Yourself Against Accidental Damage

Superior Septic Services [portable toilet rental](#) damage waiver protects you when portable toilet(s) on your site is damaged or destroyed. If you choose to participate in our optional damage waiver protection program you are protected from the costs of any damage to a portable toilet while it is on your site. You may choose not to participate and to be responsible for the replacement or repair cost of any broken or missing parts including labour costs.

Replacement costs can range from \$800-\$1000. The damage waiver does not protect against theft, loss, or missing units. The optional damage waiver cost is invoiced per billing cycle for each portable toilet to be protected.

If you have purchased the damage waiver and a product on your site is damaged, you should contact Superior Septic Services customer service immediately.

This coverage protects you 24 hours a day, 7 days a week. When you consider the costs for a replacement unit, the Damage Waiver is indeed a small price (only \$6 per portable toilet/day, for events & \$8 per month for construction portable toilets).

**Damage waivers are a great way to avoid unexpected charges and make your contract costs predictable.**

**Protection Against:**

- Vandalism
- Accidents
- Weather

Please email [superiorseptic@shawbiz.ca](mailto:superiorseptic@shawbiz.ca) if you would like to be added for insurance, thank you
